

SENATOR FULTON IS IN THE CITY

WILL HE BE HERE UNTIL THE LATER PART OF AUGUST, THEN MAKES AN EXTENSIVE TRIP THROUGH THE STATE.

United States Senator Fulton has returned to his home in this city and his familiar face was seen on our streets yesterday.

Senator Fulton looks very well for a reported very sick man and stated to an Astorian reporter yesterday that he was not as ill as he had been reported to be but was a little worn at the time. He had a very pleasant trip through the southern and southeastern part of the state which he enjoyed. He will remain in Astoria until the latter part of this month and will go to Corvallis to deliver an address on August 29 on the occasion of the school fair which will be held there. Soon after-

ward he will go to Crook county visiting Prineville and the Bend and Des Chutes countries. He will then visit points in Sherman, Wheeler and Morrow counties. Following this he will make a trip through Willamette Valley and call in at Washington, Yamhill, Polk, Benton and Lincoln counties and later on will go to Coos County.

When asked as to the appearance of the part of the country visited by him he stated that he found everything looking well and prosperous.

In Jackson county the fruit crop is very promising. The early crop is bountiful and late crop will doubtless be as good.

The Senator's itinerary will keep him pretty busy until the latter part of November when he will leave for Washington.

Ten Years in Bed.

"For 10 years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. P. of Oakville, Ind. "It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a God-send to me."

PLANS FOR GOOD ROADS

PORTLAND AUTOMOBOLISTS TO MEET ASTORIA MEN AT MEETING IN ST. HELENS TO COMMENCE THE WORK.

Manager Whyte of the Chamber of Commerce has received a letter from Louis Russell, president of the Portland Automobile Club, asking the co-operation of Astoria people for a good roads movement between this city and Portland. He asks that a meeting be called to take place in St. Helens within a few days, and that the energetic citizens of this city send representatives to discuss plans for the furtherance of the movement.

Mr. Russell, after looking over maps and plans provided for him, has decided that Judge Trenchard's plan of having the road run from Portland to Astoria by way of St. Helens, Pittsburg, Mist, Vesper, and Jewell is the most feasible. He has corresponded with men interested in the movement in Columbia county and the meeting to be held at St. Helens is for the purpose of completing plans for active work on the project.

The citizens of Astoria owning automobiles, and others interested, are asked to co-operate in the building of a good automobile road, so that closer communication may be kept between the two cities by means of the "buzz wagon."

Mr. Whyte has not made definite answer as to a date for the meeting, but will do so as he has had a conference with a committee appointed to look into the good roads proposition. It is probable that the date for the meeting will be set for the latter part of this week or the early part of next week.

The fact that the road running through Clatsop and Multnomah counties is in fairly good shape and will require but little expenditure to put it in good condition, leaves that part running through Columbia county as the most important part to be overcome. It is expected that some way or means to put the road in fine shape in that district, will be devised at the meeting. Farmers on the border of Clatsop and Tillamook counties are also anxious that something should be done for better roads between Seaside and the end of the Tillamook road at the border line. For a distance of 13 miles the road is impassable for vehicles and automobiles and this fact was brought to notice quite recently by Jasper Hovegard, a farmer living near the border line of the two counties.

Mr. Hovegard notified Mr. Whyte that a party of tourists arrived from Los Angeles in an automobile, and after coming all that distance along the coast without interruption, were compelled to store the automobile in a barn near his farm and proceed to Seaside on foot.

VOTE FOR QUEEN.

Interest Being Aroused as to Lucky Girl for Queen of Regatta.

Interest in the voting contest for the Queen of the Regatta is growing daily and it is expected there will be a hot race before the polls close. Fifteen ballot boxes have been placed in leading stores throughout the city and the votes are beginning to appear in a lively manner.

The last vote will be cast on August 17 and it will not be known who is the lucky Queen until that date. The votes will be counted each Saturday night and made public, so that the voters will have some idea of who are the favorites.

ACTRESS MAKES HIT.

Crowds Turn Out to See Miss Roberts' Performance of "Camille."

"Camille" drew a larger house at the Astoria Theatre last evening than on the opening night and it is quite evident that Miss Ethel Roberts has made a hit by her clever portrayal of the character. The audience received the play enthusiastically and Miss Roberts was applauded on numerous occasions.

The play will run again tonight, and tomorrow night "A Western Gentleman" will be the attraction. This will be given also on Saturday afternoon and night and on Sunday night.

For The Little People.

Every parent in this city should investigate, at once, the new and appreciable shoe for the youngsters, the Charles V. Brown's Commercial street house. They are called the "E. C. Scuffer" and are the very epitome of good wear and real comfort. They are going like wild-fire and the kids themselves are after them because they look so "comfy."

PREPARING PROGRAM.

Norwegian Saengerfest Committee Working on Plans for Celebration.

The program committee of the Norwegian Saengerfest, composed of S. L. Nanthrup, L. A. Larsen, E. Hauke and Rev. Blessun, met at the Sailors' Bethel on Tuesday night and spent several hours making up the program, which has not yet been completed.

The committee is planning to secure several noted singers from different points, along with the hundreds of chorus singers who will be present. All of the latter are trained and picked men and they will prove an unusual treat to the thousands of visitors expected during their stay here.

VIKINGS TO VISIT ASTORIA

NORSEMEN WILL HAVE TWO SHIPS ARRIVE IN ANCIENT STYLE ON DAY OF BIG REGATTA IN THE HARBOR.

Viking ships with a Viking King and old time warriors togged in the costume of a thousand years ago will arrive in Astoria from mysterious parts on Regatta Day, September 2. With a burst of old Norse songs accompanied by the music of clanking oars banked in solid rows, two ships will be fitted up in the old style. On a large barge descendants of the old Vikings will be lined up on one of the largest wharves and greet the curious ships as they come in.

This feature was decided upon by the local members of the Saengerfest society. S. L. Nanthrup, president of the organization, submitted the proposition to the Chamber of Commerce last night and it was unanimously agreed that the innovation would be a big drawing card. A sum of money was set aside to bear the expenses of the project.

Two large longboats will be secured and fitted up to resemble the ancient Norse fighting ships. Eight or ten men on each side will handle huge sweeps to propel the boats, which will be decorated with shields on each side. At the bow a huge dragon head will be attached and the oarsmen will be dressed in old Viking costume.

A leader of the Viking, clad in armor, with battleaxe, and extended wings flying from his steel cap, will be upon the deck of each ship as commander. He will extend greetings to the leader of the singers upon the barge and will be made welcome and invited to take part in the merrymaking and singing.

Mr. Nanthrup will be in charge of the plans for this undertaking and will commence upon the work immediately. He will have the assistance of descendants of the Norsemen who are enthusiastic over the project, which will be something entirely new and original as a feature of any entertainment given in America.

IT MAKES A DIFFERENCE.

It makes all the difference in the world to the convivial man where, and what, he drinks. Most men desire beauty and cleanliness, and handsome appointments in the saloon they patronize regularly, as well as the essential pre-requisite of genuine wines and liquors that are served to them. And these things are so particularly and properly conspicuous at Otto Sund's elegant resort, the Commercial, at No. 509 on the street of that name that they account thoroughly for the fixed and splendid custom he enjoys. There is nothing allowed to pass his counter but the best and choicest in every department of indulgence, and the service behind it all, is the most pleasing and satisfying in the city.
